

Business modelling / workshops stakeholder

With the introduction of green bioraffs new circular business models are needed.

Activity 6 should gather information and have a continuous dialogue with the stakeholders, within agri- and food industry. This is done in order to make sure that their needs are considered when suggesting a new business models.

In total 4 workshops will be held, 2 in Sweden and 2 in Denmark.

Status for Activity 6

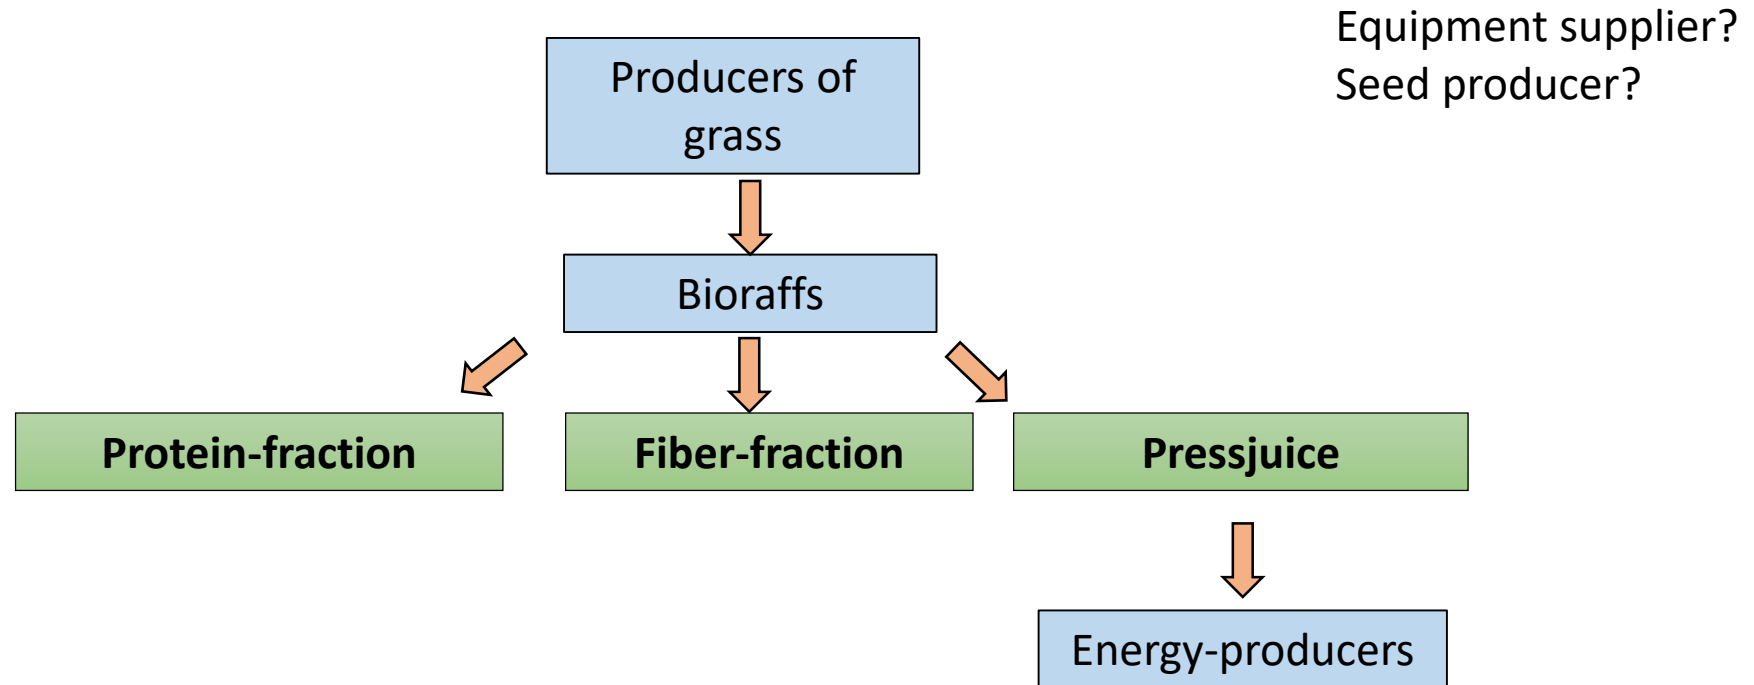

October 2019 – March 2020: low activity, some work on the stakeholder list, phonemeeting with Christel, sent out mail to the stakeholders we have so far.

Deviation from plan: the first danish workshopen have been moved from March 2020 to November 2020.

Timeplan:

- Set dates for the first swedish (6-7 Oct?) and danish workshops (Nov?).
- Brainstorma around who our stakeholders are. Are there other stakeholders outside the "normal" loops? How can we find them?
- Gather material and start documenting around cirkulare business models.
